GENERAL INFORMATION

CHEM-STARTER™ is specifically formulated for use in high phosphate materials such as 10-34-0 which are commonly applied in the row as a "Starter or Pop-Up" fertilizer.

CHEM-STARTER[™] contains citric acid which helps solubilize soil phosphate and maximize phosphorus up-take crops. It is ideal for us in "minimum" and "no-till" starter solutions.

CHEM-STARTER™ is designed for soil application only. Foliar applications may result in foliage burn. It can be used in fluid fertilizers, most nitrogen solutions and impregnated on dry blend fertilizer. It is compatible with most pesticides. Always make a small-scale test to assure compatibility.

DIRECTIONS FOR USE

A specific mixing sequence must be followed when adding **CHEM-STARTER™** to Ammonium Poly Phosphate (APP) solutions, 11-37-0, 10-34-0 and app/nitrogen solution combinations.

1. APP Solution: partially fill tank with APP, add CHEM-STARTER™ and complete filling process.

2. APP/Nitrogen Solutions: always add CHEM-STARTERTM direct to APP solution followed by nitrogen solution. Minimum agitation is suggested for thorough distribution.

RECOMMENDED RATES

The optimum rate and timing of application will depend on local conditions and should always be made as a result of soil and/or plant tissue analysis in consultation with your local agricultural authorities. In the absence of test results, use the following as a guide:

Broadcast:	
Severe Deficiency	4 qts. per acre
Moderate Deficiency	2 qts. per acre

planting.

In-Furrow: Use at the rate of 1 qt. per acre.

This product may be corrosive to aluminum, mild steel and brass. Store in HDPE, fiberglass or stainless steel containers. Use only stainless steel, P.V.C., or polypropylene fittings.

Storage: Store in cool place in original container in a locked storage area inaccessible to children, pets, domestic animals or wildlife.

Container Disposal: Do not reuse empty containers. Triple rinse (or equivalent) then offer for recycling or disposal by procedures approved by state or local authorities.

CONDITIONS OF SALE: CNI Agri*Minerals* (Company) warrants that this product conforms to the chemical description of the label and is reasonably fit for the purposes stated on the label when used in accordance with the directions under normal use. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal use conditions, or under conditions not reasonably foreseen by the Company. THE COMPANY DISCLAIMS ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OF FITNESS OR MERCHANTABILITY. THE COMPANY SHALL NOT BE LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, AND THE COMPANY'S SOLE LIABILITY AND BUYER'S AND USER'S EXCLUSIVE REMEDY SHALL BE LIMITED TO THE REFUND OF THE PURCHASE PRICE. BUYER AND SELLER ACKNOWLEDGE AND ASSUME ALL RISKS AND LIABILITY RESULTING FROM HANDLING, STORAGEAND USE OF THIS PRODUCT. THE COMPANY DOES NOT AUTHORIZE ANY AGENT OR REPRESENTATIVE TO, MAKE ANY OTHER WARRANTY, GUARANTEE OR REPRESENTATION CONCERNING THIS PRODUCT.
